Press Release

EXSIF Worldwide, Inc. Launches New, Automated Tank Test Approval Website

The world leader in the tank container leasing industry

Purchase, NY, May 17, 2016: EXSIF Worldwide, Inc. announces the launch of its new automated tank test approval website. The new system will go live and be operational effective May 18, 2016. This new initiative is part of an ongoing effort to provide our customers and business partners with superior service and solutions for managing periodic tank testing inspections. The new automated system is user-friendly and offers 24/7 connectivity to our tank testing database ensuring real time testing confirmation and approval. Our service center in Purchase will however remain accessible to deal with any specific requests or requirements. We are confident this new system and its ease of use will provide significant benefits enhancing the overall experience of working with EXSIF globally.

Established in 2000 EXSIF Worldwide, Inc., headquartered in Purchase NY, is the world's leading tank container lessor with a fleet of over 45,000 tanks, nobody knows the business better than us. With a highly experienced and talented team of industry proven professionals strategically located in regional offices, and a comprehensive customer service infrastructure, EXSIF Worldwide, Inc. has built a unique foundation for ongoing innovation and success. We are able to meet your equipment and leasing needs globally, with the advantage of regional focus and local knowledge.

To find out more about EXSIF, its products and services, please visit our main website at <http://www.EXSIF.com> or call 914-848-4200 to speak with a qualified industry professional.

Nobody knows the tank container business better than EXSIF.
